THE FOOT SWITCH EXPERTS®

Product Information Sheet

S100 Foot Switch (No Cable)

The S100-Series foot switches make it easy to turn electrical equipment on and off with the foot, freeing the hands to perform other operations or providing ergonomic improvement to a workstation. The simple momentary action occurs by pressing down on the pedal; an internal spring will return the switch to the “off” position upon release.

Design features:

- Momentary action – press and hold to turn on, release to turn off.
- Durable steel case with powder-painted finish.
- Cover pivots on a steel shaft, providing smooth, precise motion.
- Low-profile shape makes it easy on the user.
- Heel rests on the floor when using this switch.
- Non-slip traction pads.
- User must attach own cable to this model.

Quality features:

- Quality system certified to ISO 9001 requirements.
- Includes a 1-year warranty on parts and labor.
- Made in USA of imported and domestic components.

Dimensions, L x W x H: 4.6” x 3.5” x 1.4”

Weight (S100): 1.0 pounds

Enclosure Rating: IP-20; NEMA Type 1

Finish: powder paint, black

Connection: User attaches cable.

Model	Action*	Rating	Contacts	Cable	Terminals
S100	momentary	15 A, 125/250 VAC; 0.1 A, 125 VDC	SPDT	none; user must attach cable	quick-connect tabs (.187 x .020) for terminals or solder

*Momentary action: Press and hold to turn on, release to turn off.

Warning: To avoid personal injury, do not use foot switches on machinery lacking effective point-of-operation safeguards. Disconnect input power before installation or maintenance. Only a qualified electrician should install this foot switch, including proper grounding and installation per local and national electrical codes.
