THE FOOT SWITCH EXPERTS®

Product Information Sheet

S100-0103 and S420-0103 – Foot Switch with ¼” Phone Plug (Momentary or Maintained Action)

The S-Series foot switches make it easy to turn electrical equipment on and off with the foot, freeing the hands to perform other operations. Models S100-0103 and S420-0103 include a ¼ phone plug on the cable to make the foot switch suitable for use with low-voltage analog audio signal applications.

Design features:

- All steel construction for quality and durability.
- Cover pivots on a steel shaft, providing smooth, precise motion.
- Tough steel case with powder-painted finish.
- Low-profile shape makes it easy on the user.
- Non-slip traction pads.
- Momentary or maintained pedal action (see below).

Quality features:

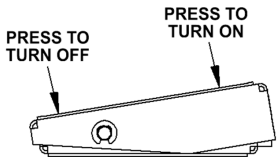

- Quality system certified to ISO 9001 requirements.
- Includes a 1-year warranty on parts and labor.
- Made in USA.

Model S100-0103 shown

Dimensions, L x W x H: 4.6” x 3.5” x 1.4”
Weight: 1.1 pounds
Enclosure Rating: IP-20; NEMA Type 1
Finish: powder paint, black

Operation Diagram for model S420-0103:

Model	Action*	Rating	cable
S100-0103	momentary	Low-voltage analog audio signals	7.5-ft length with ¼” phone plug
S420-0103	maintained	Low-voltage analog audio signals	7.5-ft length with ¼” phone plug

*Momentary action: Press and hold to turn on, release to turn off (like a car horn).

Maintained action: Press once to turn on, press again to turn off (like a light switch – see diagram).

Warning: To avoid personal injury, do not use foot switches on machinery lacking effective point-of-operation safeguards. Disconnect input power before installation or maintenance. Not for any use except as described above.
